Brainstorm & Idea Prioritization Template:

I can create a Brainstorming and Idea Prioritization template for your "ShopSmart: Your Digital Grocery Store" project.

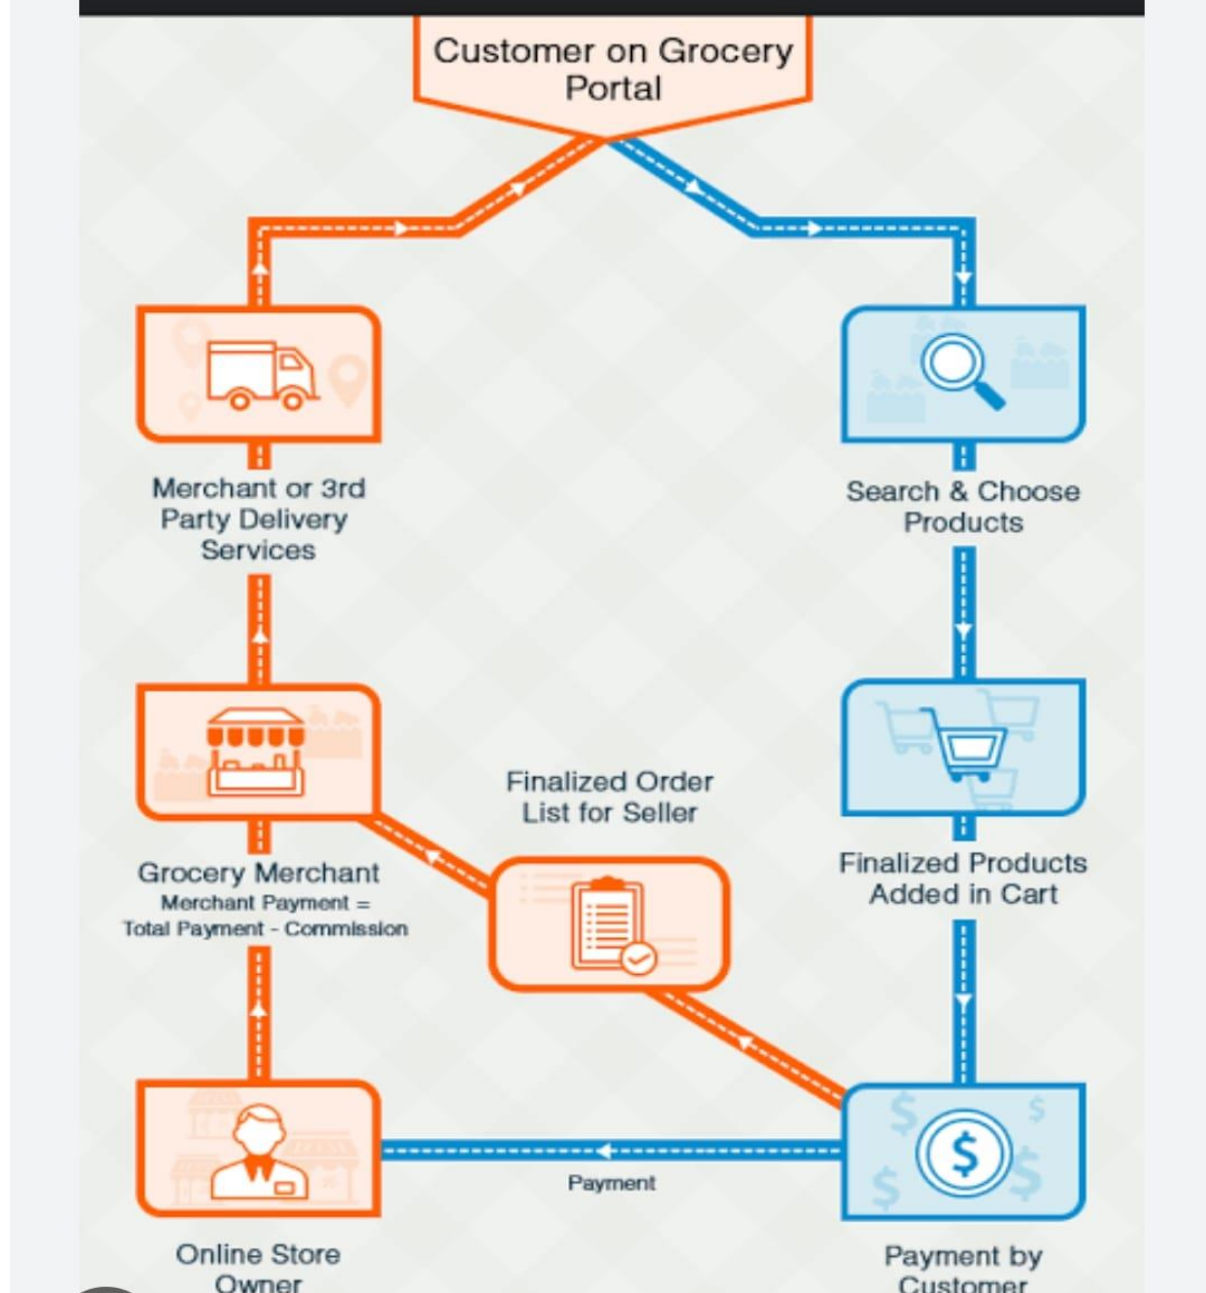

This template will help you and your team generate new ideas for features and systematically decide which ones to focus on next. I have pre-populated it with some potential future enhancements to get you started.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Step-2: Brainstorm, Idea Listing and Grouping

Online Grocery Marketplace Business Model

Step-3: Idea Prioritization
